## For Teachers

If you look carefully you can see why there are 4 sheets.

This is a Q&A information gap style exercise the first A/B worksheets have the past tense already written but the second sheets, which are the ones that I would recommend have the verbs written in italics so that the students have to put it into the past tense before they read it out and then of course, the student interviewing also has to write down the corrected past tense form of the verb.

When using these worksheets in your class be aware that they are the worksheets that I used in my class printed here as is and as such use vocabulary and grammar appropriate to the students that I was teaching at the time. If you plan to use this or any other sheet in your class make sure that you have pre-taught all the vocabulary necessary or preferably, use the ideas here and rewrite the worksheet for your specific students needs.

Most of all,

Enjoy.
