For Teachers

To see how to play this game, check out the information in the **Games and Activities** section of the website. In the gaps write down your name and the names of some of the teachers. For this, students will hopefully come up with some interesting sentences like “This class is not intelligent” or “You are very dangerous”. To keep it random, get them to fill in the numbers before you give them the rest of the rules.

When using these worksheets in your class be aware that they are the worksheets that I used in my class printed here as is and as such use vocabulary and grammar appropriate to the students that I was teaching at the time. If you plan to use this or any other sheet in your class make sure that you have pre-taught all the vocabulary necessary or preferably, use the ideas here and rewrite the worksheet for your specific students needs.

Most of all,

Enjoy.
