

For Teachers

These can be set up as cards to be used with concentration. Print them out on card stock so that the students can't read what they are through the back of them. Then you can keep them and use them for other activities afterwards too.

When using these worksheets in your class be aware that they are the worksheets that I used in my class printed here as is and as such use vocabulary and grammar appropriate to the students that I was teaching at the time. If you plan to use this or any other sheet in your class make sure that you have pre-taught all the vocabulary necessary or preferably, use the ideas here and rewrite the worksheet for your specific students needs.

Most of all,

Enjoy.
