This is basically 'concentration' or 'memory'. For rules on how to play this game and many other check out the Games and Activities section of the website.

When the students pick up the cards they have to perform mini dialogues, in this way you can the pairs working as teams to get the most pairs.

These cards are also used for the problems board game

When using these worksheets in your class be aware that they are the worksheets that I used in my class printed here as is and as such use vocabulary and grammar appropriate to the students that I was teaching at the time. If you plan to use this or any other sheet in your class make sure that you have pre-taught all the vocabulary necessary or preferably, use the ideas here and rewrite the worksheet for your specific students needs.

Most of all,

Enjoy.
