For rules on how to play this game check out the Games and Activities section of this website. To keep the answers to this game as random and hence interesting as possible have the students fill in the numbers before you explain the rest of the rules.

When using these worksheets in your class be aware that they are the worksheets that I used in my class printed here as is and as such use vocabulary and grammar appropriate to the students that I was teaching at the time. If you plan to use this or any other sheet in your class make sure that you have pre-taught all the vocabulary necessary or preferably, use the ideas here and rewrite the worksheet for your specific students needs.
