For Teachers

This is another worksheet that can be used to practice relative pronouns. These kinds of worksheets should be used as a review. After you have taught relative pronouns and the students have a good grasp of them the next lesson you can review with a worksheet like this. Similarly you could set this as a fun homework assignment.

When checking a worksheet like this always print off a copy of the answer sheet, too so that it's easier for students to check their answers. Trying to check these answers on the board can be very challenging.

When using these worksheets in your class be aware that they are the worksheets that I used in my class printed here as is and as such use vocabulary and grammar appropriate to the students that I was teaching at the time. If you plan to use this or any other sheet in your class make sure that you have pre-taught all the vocabulary necessary or preferably, use the ideas here and rewrite the worksheet for your specific students needs.

Most of all,

Enjoy.
